

Name _____

Jefferson Labs - <http://education.jlab.org/solquiz/index.html>

At this site, you should check the box for 5 questions and the Algebra 2 box. Make sure to put your first and last name. You must always have the scratch paper to support your work. You must score 60% or higher on any of the tests in order to earn points.

When you finish a test, you must email it to mathintheusa@gmail.com and you must record the required information on the sheet below, which will be due when I return. You will staple all of your scratch work to this sheet.
